

Instructions for Use
FibreKlear 4x
Fiber Post

Rx only
Rx only only Rx

USA - ENGLISH

Dear User,
FibreKlear 4x (hereinafter referred to as "the product") is a temporary cementation material for fiber posts used for temporary cementation of fiber posts. The product is used for temporary cementation of fiber posts in the preparation of fiber posts for permanent cementation with a permanent cementation material.

CAUTION: Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product.

Table with 4 columns: Resin Type, Cure Time, Cure Depth, and Cure Mode.

INDICATIONS AND USAGE: Temporary cementation of fiber posts for temporary cementation of fiber posts. The product is used for temporary cementation of fiber posts in the preparation of fiber posts for permanent cementation with a permanent cementation material.

CONTRAINDICATIONS: Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product.

WARNINGS: Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product.

PRECAUTIONS: Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product.

ADVERSE REACTIONS: Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product. Do not use in patients with known hypersensitivity to the product.
